

OUR MISSION STATEMENT:

S.A.S. is devoted to those who are grieving the loss of a loved one to suicide.

Sometimes in life, events occur that crumble the very foundation on which we stand. Our life, as we have known it, seems forever changed and we find ourselves in an unexpected struggle, first just to survive, and then to move forward.

This S.A.S. group provides support for people coping with the shock and excruciating grief that accompany the loss of a loved one to suicide. It allows survivors who are further along in their healing journey to companion with those who are just beginning their healing journey.

We hope that you will find resources here to help you cope with, and eventually heal from, what may well be the worst pain you will ever feel.

We try to create an environment that recognizes and respects the courage and resilience of suicide survivors at all stages of their personal journeys.

The Goals of S.A.S. are to:

- Provide a place to share and express feelings.
- Create a safe environment for survivors who can't talk to others about suicide loss.
- Promote the grief process and help with the difficult feelings arising from suicide.
- Serve as a possible deterrent by informing others of the effect suicide has on survivors.
- Continue relationships with loved ones in a new way.
